DENTAL NEWS

VICTORIA DENTAL PRACTICE 01325 462361 www.victoriadental.co.uk

Opening Hours

Mon 8.30-6.30pm
Tues 8.30-6.30pm
Wed 8.30-5pm
Thurs 8.30-5.30pm
Fri 8.30-4pm

Our "out of hours emergency service" is available to all our patients, but charges do apply for all who use this service. Please ring our answer machine for details. Information on our care, services, and how we secure your data and our working protocols are available on our website and reception. **www.victoriadental.co.uk**

For any queries, suggestions, compliments or complaints please ask to speak to Jayne Coe our practice manager who will be happy to try to help you. We also have an email contact form on our website if you have difficulty getting through on our busy phone line.

PRACTICE RENOVATION

We have a constant plan for work around the practice to keep things smart and clean. To this end we have just replaced all the carpet in the corridors, over a weekend to ensure as little disruption as possible.

We are now about to have the carpark resurfaced at the end of November, which will put the back entrance out of bounds for approximately a fortnight. If anyone usually uses this entrance due to mobility issues please contact reception for further advice. Thank you for your understanding.

CHRISTMAS OPENING HOURS

Is it that time already?

As usual the practice will stay open over normal working days, and there will be a dentist on-call from the practice throughout the Christmas and New Year Period. We hope everyone has a lovely festive period, but if you need us we are here.

Christmas Eve 9-1pm
Friday Xmas Day 25th Dec- closed
Monday (bank holiday)28th Dec- closed
Tuesday 29th Dec- 9-1pm
Wednesday 30th Dec- 9-1pm
Thursday 31st Dec- 9-1pm
Friday New Years Day 1st Jan closed
Monday 4th- Jan open as usual

Do take care in the icy conditions and always wear headgear with bikes, rollerblades and other active xmas presents. If a dental accident occurs do contact the practice immediately, swift action makes a big difference. If an adult tooth is knocked out the following steps are recommended:

- Handle the tooth avoiding touching the root
- Remove any debris by gentle rinsing the tooth with water or milk
- Place the tooth by hand back into the socket, if possible or store in milk or saliva
- The child should see a dentist for treatment as soon as possible.

All of us at Victoria wish you a Merry Christmas and a happy and healthy 2026.
